

UVLSRPC/Community TV Video Contest

The Upper Valley Lake Sunapee Regional Planning Commission (UVLSRPC) and local community TV stations want videos from junior high and high school students within the UVLSRPC region telling what they like about their community—or what they think could make their community a better place to live and work!

Are you creative and interested in developing a video? Would you like to have your video seen by others in the 27-town Region and the State of New Hampshire? UVLSRPC is working in partnership with CATV (Lebanon), CCTV (Claremont), and Newport Community TV to help students use their creative energy to develop these videos. If you've ever wanted to try making a video, now's your chance.

Contest Rules and Guidelines

MISSION OF VIDEO CONTEST

Encourage junior high and high school students within the Region to think about what they like about their community or what they think could make their community better and express this in video format. What makes you glad to live where you do? What's special about where you live? Show us in your video and make us like it too. Or what would make your community a better place to live and work? Make us believe it.
